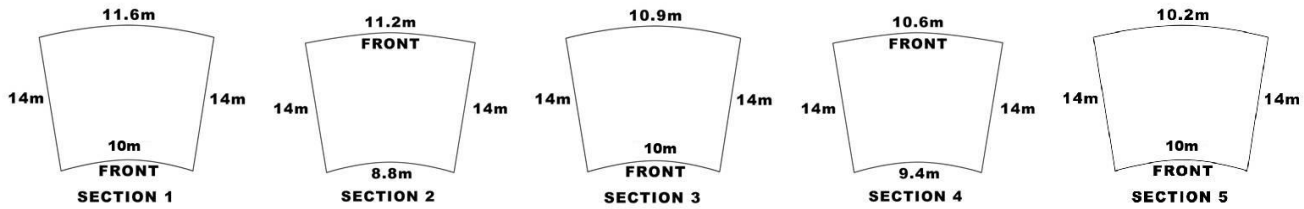
Selecting a site:

- Returning exhibitors have first preference to the site they were allocated in 2025. **Returning Exhibitors must inform MSFFD by the 28th of February 2026** if they wish to return to the same site. If no application has been received by this date, the site you were allocated in 2025 may not be available.
- We do not site competing goods and services together. Rather, we look for complimentary exhibitors as your neighbours and space similar exhibitors around the grounds.

Outdoor sites are mainly located on the circular road system, which allows for excellent traffic flow around the site, but it means that all sites are a slightly different shape. Please see image for approximate sizes:



Indoor sites are located in the 60m x 36m Founders Pavilion, which has a concrete floor, 6-9m high ceilings and plenty of natural light. NOTE: sites do NOT include a shell scheme.

Veranda sites surround the Founders Pavilion and feature a concrete floor and Colorbond roof with a ceiling height of 2.5m.

Livestock & Breed Society sites are grouped together and located on the Livestock Road, near the animal nursery and sheep dog trials.
